October 2011

# Exploring Mining Properties Worldwide

A focused explorer and developer of world class mining assets

ADROIT RESOURCES

# Disclaimer

This presentation may contain « forward-looking statements » which reflect the Company's current expectations regarding the future results of operations, future anticipated exploration results, performance and achievements of the Company, including potential property acquisitions, the timing, content and results or work programs, geological interpretations and potential mineral recovery processes and negotiation and closing of future financings.

The statements reflect the current beliefs of the management of the Company, and are based on currently available information. Accordingly, these statements are subject to known and unknown risks, uncertainties and other factors, which could cause the actual results, performance, or achievements of the Company to differ materially from those expressed in, or implied by, these statements.

In addition, investors are cautioned that this presentation may contain information about mineral properties adjacent to or near the Company's properties and in which the Company has no right or interest. Mineral deposits on such adjacent or near properties are not indicative of the mineral deposits, if any, which may be found on the Company's properties.

Summary

ADROIT RESOURCES

## Capital Structure (24 OCT 2011)

| | |
|---|---|
| Current Market: | $ .045 |
| 52 wk Price Range: | $ .04 - $.29 |
| Shares outstanding: | 113,919,192 |
| Fully diluted: | 171,792,135 |
| Market Cap (millions): | $ 5.13 |
| Approx. Insider Holdings: | 11% |

ADROIT RESOURCES

# Outline Budget

## Raising up to C$600,000 for :

- Preparation for 43-101 resource calculation drilling of historic antimony resources in Italy.
- Preparation for  the winter drilling programme of VMS and polymetallic vein at Red Vein property in the Shining Tree Camp of Ontario.

ADROIT RESOURCES

# Two Flagship Assets

## 1. Italy - Historic Antimony Resources:

Former recent major antimony producing Manciano area, Grosseto Province, Italy

## 2. Ontario – Polymetallic Vein & VMS Discovery:

Red Vein Property, Shining Tree Mining Camp, Abitibi greenstone belt

Italian project office

Ontario project office

**TSXV: ADT • FSE: A7V**

ADROIT RESOURCES

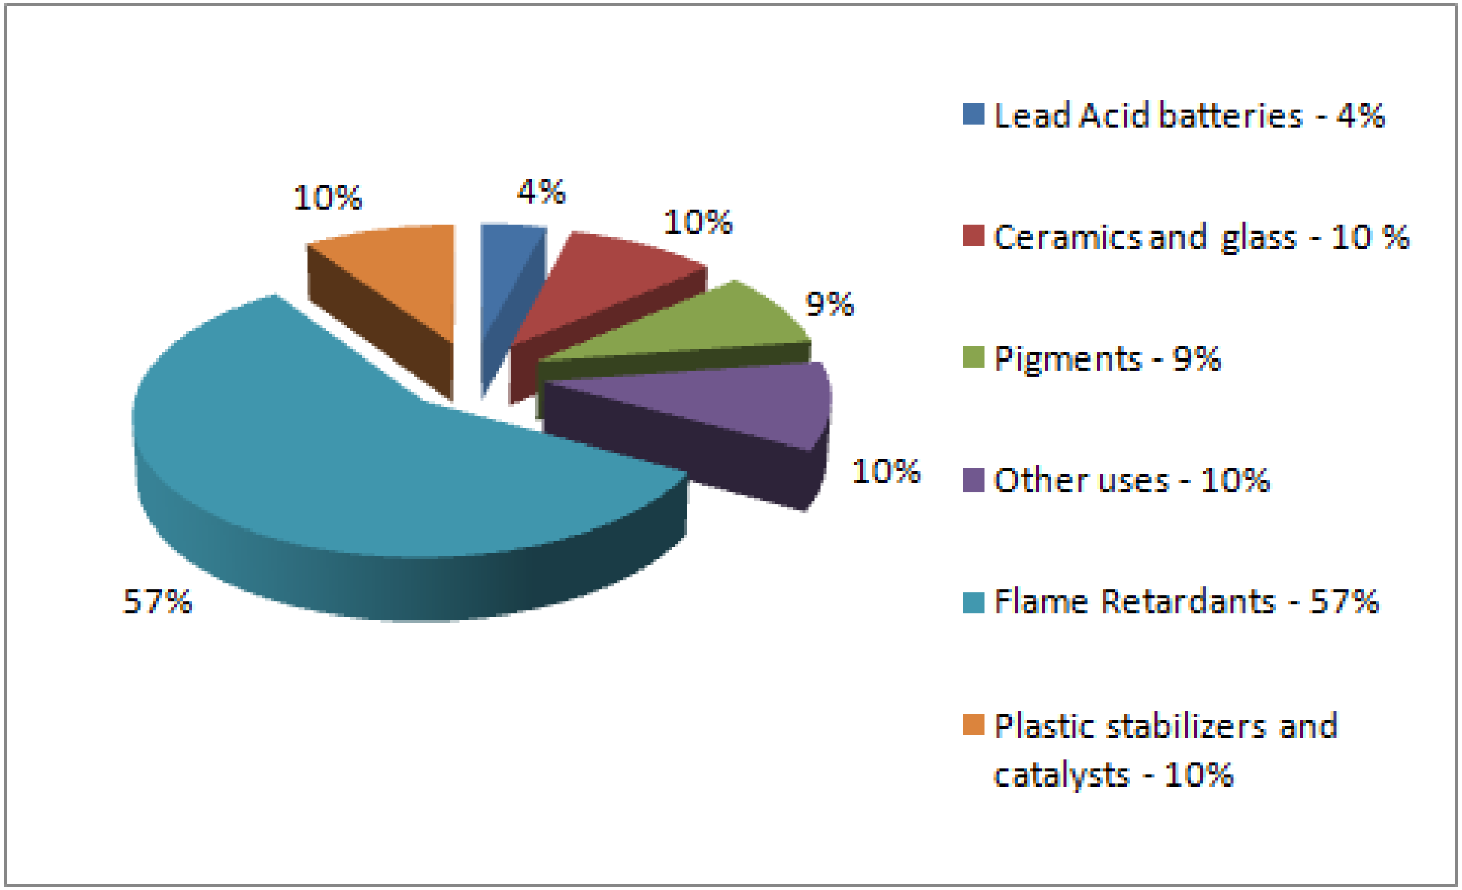
# Antimony – Flame Retardant, 57 – 70%

ADROIT RESOURCES

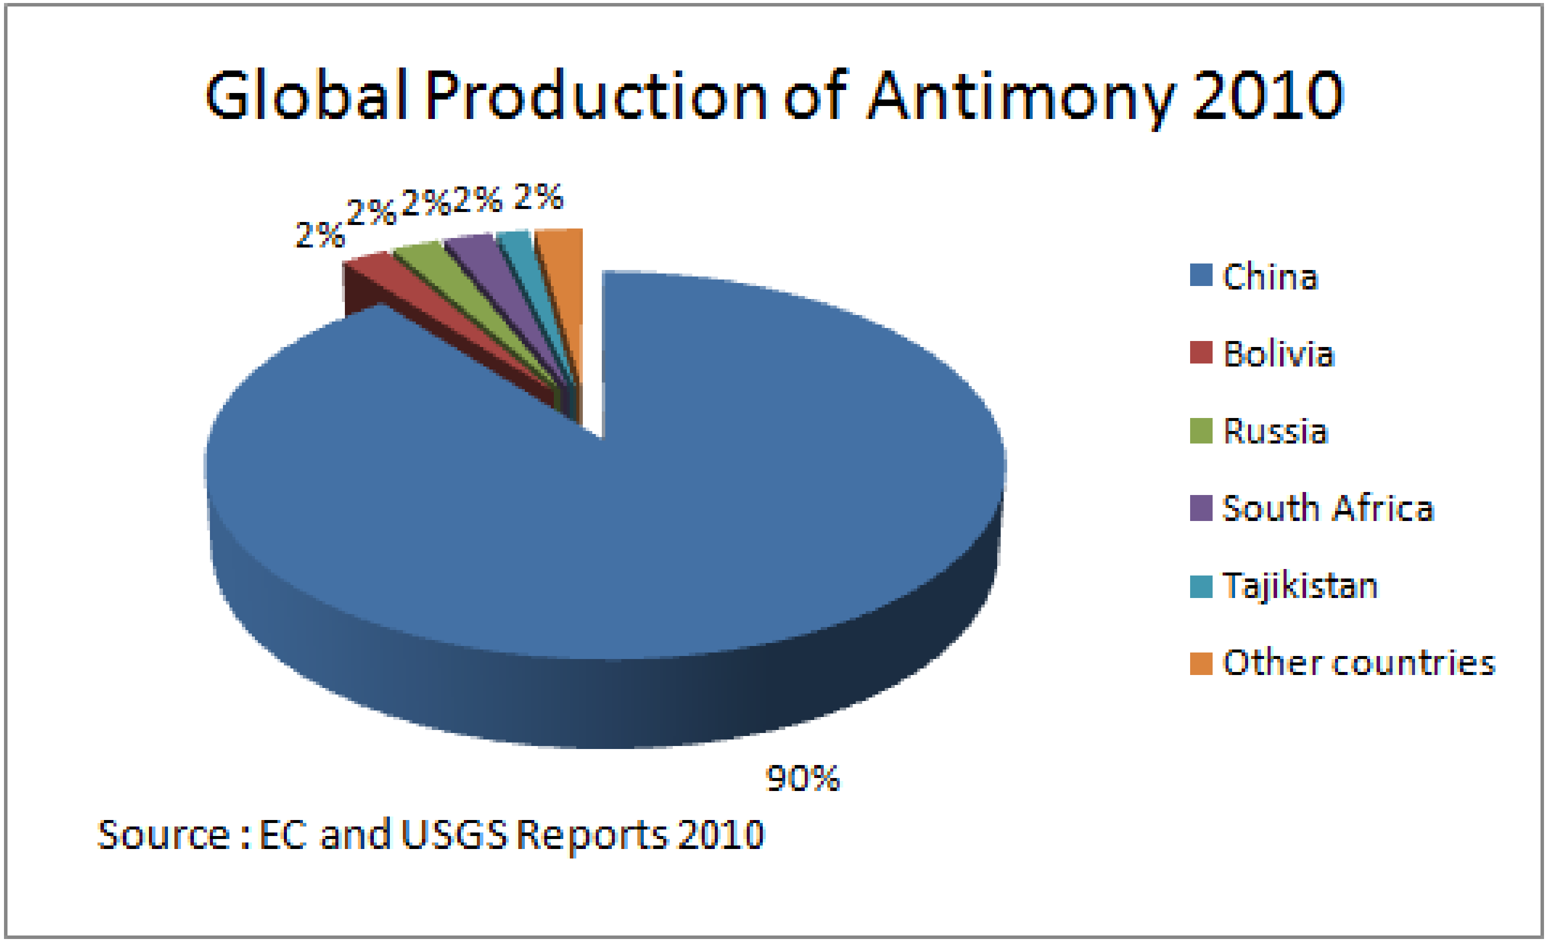
# Antimony – PET and Polyester, 14% and increasing

# Antimony – Other uses

# What is Antimony (Sb) used for?



# World Production 2010



## Supply of Antimony

- Chinese production decreasing : 180,000 t (2008), down to 120,000 t (2010) - 50% from one company
- No new mining permits until June, 2012
- Export duties and quantitative limits imposed in 2010
- Additional capacity purchased - Beaver Brook, in Canada and Anchor in Australia, Meteorex, in South Africa
- There is no effective substitute for its major application (flame retardant)
- Low recycling due to dissipative nature of major usage

ADROIT RESOURCES

## Demand for Antimony

- China introduces import subsidies in 2011
- EU place Antimony on ‘Critical List of 14 Raw Materials’
- US and EU currently 100% dependent on imports
- British Geological Survey puts in highest risk category

ADROIT RESOURCES

# The Antimony Business

- Antimony prices recently climbed to over $17,000/t corrected to $14,200/t ($6.44 per pound)

- Comparison

August 2010 - $4.54
Current price - $6.44

**1-years Sb price (sources: metalprices.com)**

ADROIT RESOURCES

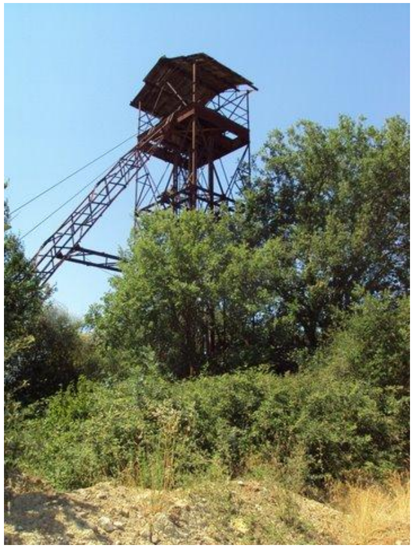
# ADT’s Current Exploration Permits:

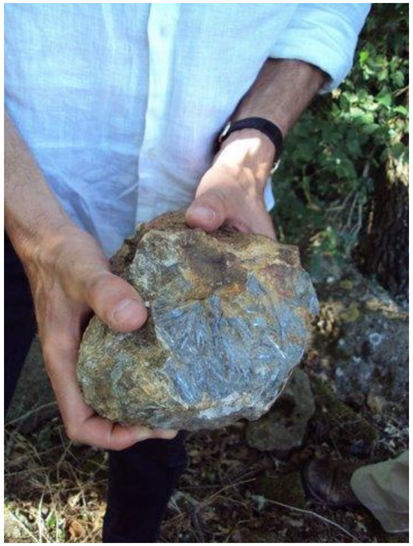
| | |
|---|---|
| • **I Monti** | 273 hectares |
| • **Poggio Fogari** | 439 hectares |
| • **I Salaioli** | 366 hectares |
| • **Poggio Monticchio** | 162 hectares |
| • **Faggio Scritto** | 246 hectares |
| • **Poggio Pietricci** | 653 hectares |
| • **Total hectares** | **2,139 hectares** |

ADROIT RESOURCES

# Focus on Former Producing Permits

- Historic antimony resources drilled in '81/'82 with a view to providing feed for the mine processing facility
- Located in former major, recently producing, Manciano area, Grosseto Province, Italy





# ADT & Antimony in Italy

## Objective

To recommence mining of antimony and other metals.

## How will we do it?

**1.** Current historic resources are over 45,000 tonnes of contained metal (not ore) and 43-101 resource calculation drilling is to commence shortly.

**2.** We plan to increase this to 100,000 tonnes of mineable Antimony resources in 43-101 resource calculations for a 10 year mine life by:

**a.** Continued exploration on open antimony deposits on currently held properties and

**b.** Expand our antimony resources by acquiring other properties known, or thought, to contain antimony resources.

# Three new applications : Selvena, Catabbio, Valle Lupara

ADROIT RESOURCES

## Focus on Canadian Properties

- Under explored properties
- Regions known to contain prolific deposits
- Abitibi greenstone belt renowned for past discoveries of volcanogenic massive sulphide (VMS) deposits

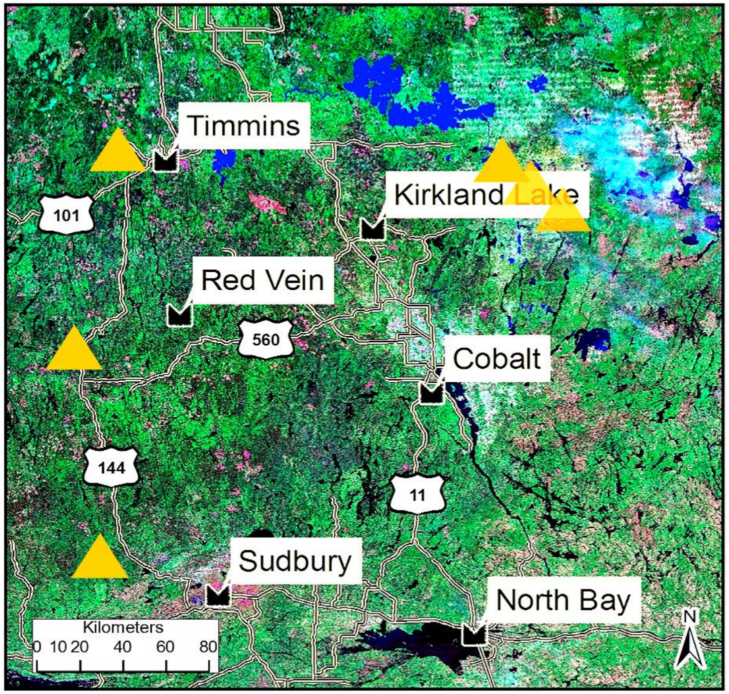
**a.** Produced in excess of 450 Mt of Copper-Zinc ore to date

**b.** Makes a significant contribution to Canadian GDP

**ADROIT RESOURCES**

## Red Vein Property, 142 km$^2$, Shining Tree Camp

- 80km South of Timmins
- 4% of the world's known VMS deposits, within a 200km radius including the Kidd Creek Mine (85km North)
- Cluster of MMI Geochemistry anomalies indicating VMS Cu & Au and Cu, Pb & Zn ore bodies . ADT drilling has confirmed VMS system
- A polymetallic vein recognized over 2.3km. ADT grab samples returned local copper highs of up to 10.4 % Cu
- Summer field programme in progress. VMS and vein to be drilled this winter



VMS Deposits

**TSXV: ADT • FSE: A7V**

## Shining Tree Camp - Red Vein

## Directors, Officers and Consultants

| | |
|---|---|
| **Graeme Rowland, Chairman/President** | (Brussels) |
| **Sunil Joseph, Director** | (Toronto) |
| **Dave Hutcheson, Director** | (Brussels) |
| **Catherine Feore, VP Marketing** | (Brussels) |
| **Bill Jung, Chief Financial Officer** | (Vancouver) |
| **Frances Murphy, Company Secretary** | (Vancouver) |
| **Terry King, Corporate Counsel** | (Vancouver) |
| **Guy Franceschi, Economic Geologist Consultant** | (Gent) |
| **Dr. Mehmet Taner, Qualified person and Geologist** | (Ottawa) |

ADROIT RESOURCES

# Technical Management

**Guy Franceschi**
Management Geological Advisor
Economic Geologist

***Cobalt Team:***

***S*tuart Hopkins** – ADT Cobalt Manager , Geo Technician
**Qualified Person (QP)** – Mehmet Taner, Eng. Ph. D.
3 full time plus about 20 subcontractors, including 2 geologists

***Grosseto Province Team:***

**RMN S.r.l. – Risorse dei Minerali Naturali SRL (**Subsidiary of ADT Inc.)

**Davide Franceschelli** – RMN Manager, Geologist and Local work director
**Karolina Cienkuszewska** – Management administrator
**Qualified Person (QP)** – Mehmet Taner, Eng. Ph. D.
6 full time plus about 10 subcontractors, including 5 geologists
